

Liquid alkaline booster

Product Description

Keno™lux L 200 is a concentrated liquid alkaline booster for machine laundry at temperatures from 30-95°C.

Properties

Keno™lux L 200 is suitable for the removal of tough spots and dirt from all types of textile (white and colored textiles) at all temperatures.

Keno™lux L 200 supports the washing power of washing products and removes stubborn stains such as grease spots (oil, fat, cosmetics,...), protein stains (protein, blood, chocolate,...).

Direction of use

Machine laundry: 3 to 25 ml of Keno™lux L 200 per 1 kg (dependent on the hardness of the water and degree of dirt).

Specifications

Physical state	Liquid

Boiling point	100 °C
Density	ca 1.3 kg/l
Solubility in water	100 %

Storage and Disposal

Keep only in the original container in a cool, well ventilated place. Keep container closed when not in use. Do not store in corrodable metal. Dispose in a safe manner in accordance with local/national regulations.

Safety instructions for the user

Avoid contact between alkaline and acid products.

Always test the product first on a small surface.

Consult your CID LINES sales' person for a suitable washing program that is adjusted according to the contamination and the specific conditions of the company.

Before use, please check the MSDS.
